

# Science on Site

**Paleo Prep on the Santa Rosa Fossil Mammoth Skull**

**SATURDAYS, FEBRUARY 11, 18, AND 25**

**MAMMOTH MONDAYS: FEBRUARY 13, 20, AND 27**

**1:00–5:00 PM**

**Santa Barbara Museum of Natural History**

**Vertebrate Zoology Department**

Be among the first to see the unveiling of a newly found, unidentified fossil mammoth skull from Santa Rosa Island. Join the discussion on identifying the fossil; compare specimens from our collections, ask our Paleontologist questions, and submit your educated guess as to which species our new fossil is... Columbian Mammoth or Pygmy Mammoth.

FREE with paid admission.
