ASTRONOMY IN SUMMER

Weekdays 2:00–4:00 PM
Weekends Noon–4:00 PM

Join us at Palmer Observatory for solar viewing
and dynamic demonstrations every day in summer.

**COME BACK SOON! There's so much
going on at the Museum.**

Visit our calendar to learn about free
Star Parties and lectures, beach cleanups,
fun festivals, and more.

EYES IN THE SKY

DAILY 2:00–4:00 PM

in the Museum Backyard

Meet the remarkable birds of
Santa Barbara Audubon Society's
Eyes in the Sky. These rehabilitated
raptors cannot survive on their
own in the wild, and serve as avian
ambassadors for birds of prey.

SANTA BARBARA MUSEUM of NATURAL HISTORY

Founded in 1916 as the Museum of Comparative Oology—the study of bird eggs—the Santa Barbara Museum of Natural History opened on this site in 1922 and continues today as a regional research and educational institution. In 1986 the Sea Center on Stearns Wharf joined the Museum to focus on our important coastal environment. This Museum is a pet-free and non-smoking campus.
